

Laura reaches at the POV and shuts it off. We cut to normal film style of this conversation. Maybe we use steadicam and war journalism style I'm not sure.

LAURA (CONT'D)

Holy crap Laura get your own damn hobby if your not willing to help me.

JENNY

Whatever , the vblog thing has been done to death. You not as hot as Ze or as funny.

LAURA

Wow thank-you Mrs. Positivity.

JENNY

That Miss Positivity to you copycat.

LAURA

Well why don't you help? or just get the hell out of the way! Instead of sitting there making smart ass comments.

JENNY

I am helping. Criticism is helping.

LAURA

You are an endless stream of foulmouthed negativity sometimes.

JENNY

I liked your idea about the podcast. We could both be foulmouthed and talk about our fictional sex lives like Kevin and Scott do.

Want more ideas? I could.... I don't know watch porn and rate them. Guys love that shit. That

would get your site hits. That's a waaaay better idea than this boring crap.

LAURA

(irritated)

This crap has meaning. People's lives are being ruined.

JENNY

Whatever. They're criminals. They broke the rules.

LAURA

The rules were only put there recently by Ronsanto and it's lobbyists. Look Jenny I need your help holding the boom mic - or how about you stand behind the tripod. It's easy you can start it just by pressing the red button.

JENNY

Yeah, um, how about you get your brother to do that. He said he would. It's perfect for him, He just has to stand there and be quiet. Hell that way he might not make such an ass of himself in front of real actors if you can ever get that far.

LAURA

(Really mad)

You bitch! Vinnie has a problem. He's disabled he's not making an ass of himself. Besides I'd rather have you there because.....

JENNY

Admit it even you're embarrassed by him sometimes. With that silly walk, and the way he ..

LAURA

You are one cold hearted bitch Jenny.

JENNY

Yeah, just be glad I'm on your
side.

Fade out
