

Montage of rehearsing, maybe put this after the visit to Jail. Shots of the three crew arguing. Shots of Laura directing the 2 actors.

KEVIN MOSIER

No, dammit, you have to be the part... where's my actor's stick! I need to beat some inspiration into these upst...

LAURA

Wait Kevin! Calm down, okay? I'm directing this. Ling is doing great. You shouldn't yell at her like that she can't speak very much English

KEVIN MOSIER

Dammit don't you know how to speak to foreigners, all you have to do is raise your voice and they understand! That's it, I need a break. We've been hard at work for far too long. I'll be in my trailer... chair... with the young man who drinks too much.

JENNY

Hear that Cam? The old drunk just called you a drunk... harsh.

CAM

What? Hey Jenny wanna check out my casting couch later?

LAURA

Okay Ling lets take a break and go for coffee. I know it's only 9:30 but you're doing great.

LING

Thank you. I don't understand why that man keeps yelling at me.... He doesn't make sense... is it my English?

LAURA

No, its him.
